IEEE

IEEE is the world's largest technical professional organization dedicated to advancing technology for the benefit of humanity. IEEE and its members inspire a global community through its highly cited publications, conferences, technology standards, and professional and educational activities.

IEEE has:

- Over 409,000 members in more than 160 countries, with more than 60% of them based outside the United States
- More than 125,000 student members
- 343 Sections across ten geographic regions worldwide
- 2,615 Chapters that unite local members with similar technical interests
- 3,565 Student Branches at colleges and universities in over 100 countries
- 3,182 Student Branch Chapters of IEEE technical societies
- 608 Affinity groups
- 39 Technical societies and seven technical councils representing a broad range of IEEE technical interests
- More than 5 million documents in the IEEE Xplore® digital library, with an active portfolio of 1,076 standards and over 900 projects currently under development

Moreover, IEEE:

- Publishes approximately 200 transactions, journals, and magazines
- Sponsors over 1,900 conferences and events in 96 countries
- Contributes more than 3.6 million conference papers to IEEE Xplore since 1936, with up to 200,000 new papers added annually

As the world's largest technical professional organization, IEEE provides numerous ways to engage with both technical and local communities. These communities actively participate in research, authorship, conferences, and discussions on today's most relevant technical topics, both locally and globally.

With 39 technical societies, ten geographic regions hosting over 10,000 local meetings annually, various affinity and special interest groups, humanitarian opportunities, and virtual communities through IEEE Collabratec®, IEEE offers abundant opportunities to network and advance professionally through its diverse communities.

SPS: An IEEE Society

Founded in 1948 as IEEE's first society, the Signal Processing Society (SPS) is the world's premier association for signal processing engineers and industry professionals. With a membership of over 19,000 individuals, including signal processing engineers, academics, industry professionals, and students, SPS represents a dynamic global community spanning 100 countries. Engineers worldwide rely on the Society for the latest developments in the field of signal processing, benefiting from its rich history and leadership in shaping the future of technology.

SPS organizes numerous conferences annually, focusing on innovations that influence the future of signal processing and its impact on the world.

Members have opportunities to engage in boards and committees and are actively involved in regional chapters, where they work on projects and issues that drive the evolution of signal processing. The Society also oversees several key publications, including the IEEE Signal Processing Magazine and the Inside Signal Processing e-Newsletter.

The IEEE MLSP Workshop

The IEEE International Workshop on Machine Learning for Signal Processing (MLSP) is an annual event that has been held since 1991. Originally known as Neural Networks for Signal Processing (NNSP), the workshop has evolved into a major platform for advancing machine learning techniques within the signal processing domain. Each year, MLSP receives around 400 paper submissions, covering a wide array of topics such as speech/audio processing, brain signal processing, wireless communications, computer vision, radar signal processing, and core machine learning methodologies. This workshop is a key gathering for professionals at the intersection of signal processing and machine learning.

MLSP WORKSHOP 2025

The IEEE International Workshop on Machine Learning for Signal Processing (MLSP) is an annual conference organized by the MLSP Technical Committee of the IEEE Signal Processing Society (SPS).

The 35th edition of the MLSP Workshop will take place in person at the İstanbul Lütüf Kırdar International Convention and Exhibition Centre (ICEC), centrally located in İstanbul, Turkey. This conference will showcase cutting-edge research and innovations through keynote speeches, tutorials, specialized and regular single-track sessions, panel discussions, and demonstration sessions. The workshop will cover a wide array of topics, including but not limited to:

- Deep Learning
- Deep Generative Models
- Large Language Models
- Graph Neural Networks
- Federated Learning
- Graph Neural Networks
- Machine Learning for Audio
- Source Separation
- Multi-modal Machine Learning
- Machine Learning for Wireless Networks
- Brain Signal Processing
- Meta/transfer learning
- Applications of Machine Learning on Finance
- Computer Vision
- Biosignal Processing and Learning

ORGANIZING COMMITTEE:

General Chairs

Cem Subakan - Laval University, Mila (Canada)
Mirco Ravanelli - Concordia University, Mila (Canada)
Murat Saraçlar - Boğaziçi University (Türkiye)

Finance Chair

Emin Anarım - Boğaziçi University (Türkiye)

Local Chairs

Zafer Doğan - Koç University (Türkiye)
Lale Akarun - Boğaziçi University (Türkiye)

Technical Program Chairs

Wenwu Wang - University of Surrey (UK)
Selin Aviyente - Michigan State University (USA)
Murat Akçakaya - University of Pittsburgh (USA)

Advisory Chairs

Paris Smaragdis - University of Illinois at Urbana-Champaign (USA)
Bülent Sankur - Boğaziçi University (Türkiye)

ORGANIZING COMMITTEE:

Special Session Chair

Leda Sari - Meta (USA)

Data Competition Chair

Zhepei Wang - Adobe Research (USA)

Awards Chairs

Andy Singer - Stony Brook University (USA)

Ercan Kuruoğlu - Tsinghua-Berkeley Shenzhen
Institute (China)

Industry Program Chair

Ceyhun Burak Akgul - Vispera Inc. (Turkey)

Industry Liaison Chair

Özlem Kalinli - Meta (USA)

Tutorials Chair

Minje Kim - University of Illinois at Urbana-Champaign (USA)

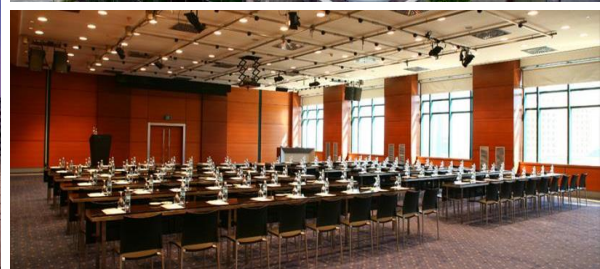

Plenary Talks Chair

Taylan Cemgil - Google Deepmind (UK)

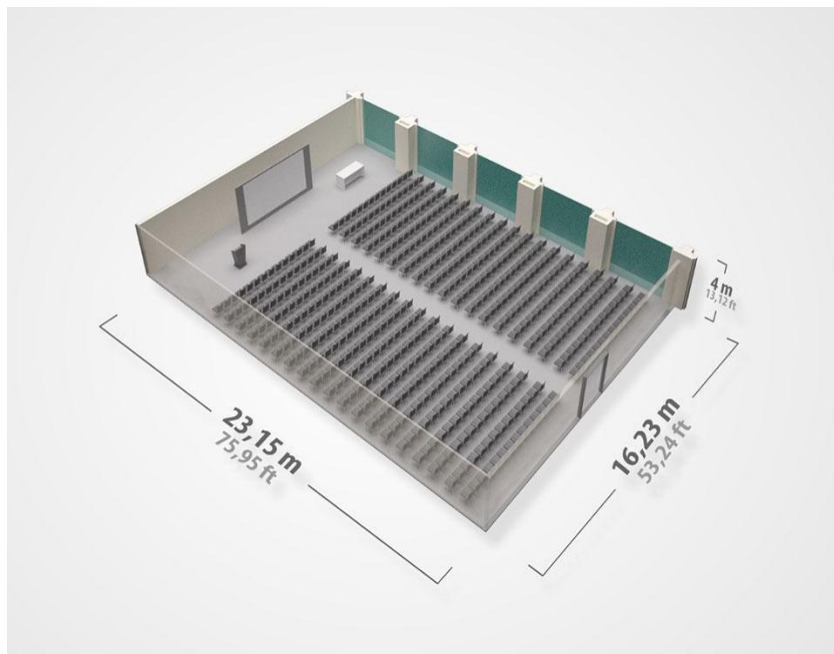

Burak Acar - Boğaziçi University (Turkey)

SPONSORSHIP INFORMATION

MLSP presents a great opportunity for companies to

- Connect with researchers,
- Find potential new hires,
- Introduce their work to the research community

Industrial participation can be done in the following forms, as indicated on the next page.

PLATINUM
15.000
euros

GOLD
10.000
euros

SILVER
5.000
euros

BRONZE

The final balance is due by July 15th, 2025 for Sponsorship of the MLSP 2025 Workshop.

General Guidelines for Sponsors

- Companies will be responsible for all financial and logistical aspects of their involvement with the conference.
- The construction and dismantling of any exhibition stands must be completed within the designated time slot.
- The use of the conference logo is permitted only with prior written authorization from the Organizing Secretariat.

General Information and Next Steps

- Sponsorship inquiries will be accepted until July 1st, 2025. Please note that Platinum and Exhibitor Sponsorship Packages are limited and will be allocated on a "first come, first served" basis.
- Exhibition space selection will be based on the order of requests received. The allocation of sponsor-supported sessions and/or sponsorship items will depend on the total sponsorship contribution.
- All prices are quoted in EURO and are **exclusive** of applicable local VAT (20%).

Payment Conditions

- All payments must be made in Turkish Liras (TL) in Turkey.
- To secure the reservation, a deposit of 50% of the total sponsorship cost will be invoiced upon receipt of the completed sponsorship order form and must be paid upon receipt of the invoice.
- The conference organizers will issue an invoice for the 50% down payment, with the remaining balance invoice to be sent one month before the final payment deadline.

Cancellations Policy

- Cancellations and changes to your original booking must be submitted in writing to the Organizing Secretariat.
- In the event of cancellation, the conference organizers will refund sponsorship fees based on the pro-rata cancellation policy outlined below.
- Cancellations by sponsors will also be subject to the same pro-rata cancellation charges as specified below.
